Grant Manager: Roberta Joy Lee

Phone: 208-926-4362

Address: P. O. Box 310
Kooskia, ID 83539

In the space below or on an attached sheet, answer the following questions for EACH element in your scope of work.

Interim - All of these questions should be answered for EACH project in all reports except the final report. List element by name & element number.

1. Has the element been completed? NO

2. If the element is in progress:

(a) What has been accomplished? We have managed to keep the Visitor Center open on a part-time basis. We have answered all e-mails and phone requests that we have received, as well as tried to give helpful information to those people who stop in at the visitor center. We have also kept the Kooskia Crossing Kiosk stocked with brochures and books.

(b) What remains to be done? We just need to continue with what we are doing and hope to get more volunteers next summer, to keep the center open on a regular basis.

(c) Are there any problems? Just the need for more volunteers.

3. If the element hasn't been started, why?

4. What benefits have been realized to date? (Include statistical information.) We think that we

are getting more people to come into town, by having the information out at the Kiosk, and hope

that we are getting more people to visit our area from the packets we send out.

Final - This is your last report. Answer each question by element and project in your scope of work.

1. What was accomplished?

2. How did it promote travel in Idaho?

3. Provide statistical information and what evaluation technique was used to determine.

4. List any recommendations for project improvement.
